

# TERRENO

## Exterior Inground Uplight

TERRENO is a popular interior or exterior LED inground uplight. Created with a high weatherproof rating in mind, the Terreno is made from superior quality stainless steel 316 trim, corrosion resistant aluminium housing and heat tempered clear glass lens. The small size of this inground uplighter makes its applications very versatile. Suitable for interior in floor uplighting or for exterior uplighting for feature walls, the Terreno can be used for hospitality, retail or residential projects.

Diameter	42mm
Height	80mm
